

OPERATORS WILLING TO MEET MINERS

SEE LITTLE HOPE OF AVERTING PROPOSED STRIKE ON APRIL 1

Lewis Makes Plea for Four State Joint Conference to Negotiate New Wage Scale—
Say That Real Collective Bargaining Has
Been Rendered Impossible in Recent Years

(By The Associated Press)
CHICAGO, FEB. 21.—Willingness to meet union leaders
although they saw little hope of averting a strike, was expressed
in the reply of the Illinois operators to a plea made today
by John L. Lewis, president of the United Mine Workers of
America, for a four state joint conference to negotiate a
new wage scale in the central competitive field comprising
Illinois, Indiana, Ohio and western Pennsylvania.
"We have well defined ideas as to what we can and are
willing to pay our miners and day laborers, and conditions
under which we are willing to make a new agreement and
we are prepared at any time to discuss these questions collectively
with all of the other operators and miners of the
central competitive district, when such meeting has been
agreed upon in accordance with the resolution passed in
New York City, March 31, 1920," W. K. Kavanaugh and H.
C. Adams, presidents respectively of the Illinois Coal Operators'
Association, 5th and 9th districts and the Central
Illinois Coal Operators' association.

AGREEMENT IS NEAR ON FOUR POWER TREATY

Leaders Indicate Acceptance of Blanket
Reservation

(By The Associated Press)
WASHINGTON, Feb. 21.—Administration leaders in the
senate cleared away many of the obstacles in the pathway of the
four power Pacific treaty today by indicating that they would accept
without a fight a blanket reservation drafted to cover the objection
of those who oppose unreserved ratification.
As presented to the foreign relations committee by Senator
Brandegge, Republican, Conn., and virtually agreed to by those
in charge of the treaty the reservation provides that the United
States accepts no "legal or moral" obligation "to maintain the
Pacific interests of any other power and that none of the adjustments
reached under the treaty provisions are to be binding upon
this government, except by the consent of congress."

The administration senators on the committee are said to have
shown general approval of the approval, although holding all reservations
unnecessary.
Some committee members understood that President Harding
has indicated he will not oppose a qualification such as that presented
by Senator Brandegge. It was evident that considerable debate
on the senate floor will precede a ratification vote regardless
of what action the committee may take.

Tomorrow the committee leaders hope to complete consideration
of the Brandegge proposal and perhaps formally recommend that
the treaty be ratified. It was uncertain whether other reservations
would be offered in the committee. It is considered unlikely
that the treaty actually will be brought into the senate
until all the other arms conference treaties also have come to
approval. It is the plan to report all the international agreements
as soon as possible.

Debate on the treaty with Japan regarding the Island of Yap
will begin tomorrow with the leaders hoping for ratification
within a few days. Senator Lodge, Massachusetts, brought
the Yap agreement formally before the senate today, and announced
he would make the opening speech of the debate tomorrow
at the conclusion of the annual Washington's birthday ceremony,
of reading the farewell address.

CONGRESS GETS ALABAMA POWER COMPANY OFFER

Weeks Makes no Comment in Presenting
Offer

(By The Associated Press)
WASHINGTON, Feb. 21.—Congress received today the offer of the
Alabama Power company for purchase and lease of the government's
nitrate and power projects at Muscle Shoals, Alabama. In
referring the proposal to the legislative body for final decision
involving its acceptance or rejection as a competitor to the offer
already made by Henry Ford for the same properties, Secretary
Weeks made no specific recommendation other than to say indirectly
he believed the new offer should be referred to the committees
of the senate and house now considering the Ford offer.

The letter of transmission addressed to the president of the
senate and speaker of the house, contained twelve comments upon
as many provisions of the power company's proposal all of which
the war secretary said either were desirable or advantageous to the
government's interests in the disposal to be made of the Muscle
Shoals properties. The company's offer to complete the Wilson dam
at its own expense under a license subject to the provisions of the
waterpower act, the letter said, had the advantage of proposing to
relieve the government from further costs of completion.

Delivery of free power to the government or its purchase by the
company in the event the power was not needed as proposed by
the Alabama company, was said to offer a return on money already
invested by the government.
Sales of the Warrior Steam Plant and other facilities for \$5,000,000 less the cost for locks and
navigation structures, estimated at about \$22,500,000 as proposed in
the offer, the letter added, would permit a substantial return on
the investment made and serve also to keep them in public service.

Retain Two Plants
Another provision of the offer which the secretary said was
worthy of notice was the retention by the government of ownership in
the two nitrate plants and the waste water treatment plant. The
company's offer represented an investment of \$75,000,000.
Maintenance of the dam power plant and locks at the company's
expense also was characterized as a distinct advantage to the government.

Other provisions singled out for comment included that for bringing
the Wilson dam project under local taxation laws; for taking over
and operating the waterpower project by the United States when
public safety demanded; for limiting the lease period to fifty
years; for completing the waterpower project immediately and
guaranteeing the financial ability of the licensee to complete the
undertaking; for providing security to "everyone without discrimination" and for permitting an arrangement by which the option
claim of the air nitrates corporation would be adjusted in accordance
with the opinion of the judge advocate general of the army.
Finally, the secretary says, there is "probably no necessity for the
construction of Dam No. 3 at this time," and that the lack of a provision in the offer for its completion does not detract from the proposal.

SURFACE LINES
MADE BIG PROFIT.
CHICAGO, Feb. 21.—The Chicago Surface Lines made a profit of \$13,478,583.01, which, after deducting the city's share, allowed a return of 6.501 percent, according to the report of the company for the fiscal year ending January 31, 1922, made public today.

EAST ADON WOMAN
ACCUSED OF ROBBERY
Alton, Ill., Feb. 21.—Mrs. Charles Chesson of East Alton was arrested today on a warrant charging her with complicity in the holdup of the Illinois State Bank at East Alton, which was robbed of approximately \$2,000 February 14, by three men, two of whom have been arrested and identified by officials of the bank.

SHOULD SEE BEYOND CITY
Chicago, Feb. 21.—The American Motorist should have a vision which sees beyond city and state lines and should be an ardent advocate of cooperative effort in solving national problems which principally concern themselves with transportation, George C. Diehl, president of the American Automobile association said in an address before the Chicago Motor club tonight.

BRIEFS

(By The Associated Press)
CHICAGO, Feb. 21.—The Great Western circuit of the American Trotting association today awarded dates and purses for races this year.
At Aurora, Ill., Aug. 21-25, \$15,000; and at Springfield, Ill., Sept. 1-2, \$22,500.

JANESVILLE, Wis., Feb. 21.—Bonds of \$2,000 of Mike Janne and Arthur Danks, Beloit, were ordered forfeited and a bench warrant issued for their arrest by Judge George Grimm, at Monroe on Monday when the men failed to appear in court on a burglary charge of a fur warehouse at Broadhead, on January 12. It is reported that Janne has escaped to Mexico. An indictment against Janne was pending in federal court in Chicago.

DECATUR, Ill., Feb. 21.—The Illinois State Encampment of the G. A. R., and allied organizations will be held in Alton, May 16, 17 and 18, according to word received by local G. A. R. members.

PEORIA, Ill., Feb. 21.—After waiting 20 years for his wife to return to him, Frank Conner today lined suit for divorce. She deserted him 20 years ago when he was 15 years of married life, he says.

SPRINGFIELD, Ill., Feb. 21.—Maurice DePaoli, sentenced to Chester penitentiary in 1919, for murder, has escaped. Governor Small this morning offered \$50,000 for information leading to his apprehension. He was sentenced from Montgomery county.

SPRINGFIELD, Ill., Feb. 21.—Requisitions for the return to East Alton of Ray Banad, and Harry Ruhnman, charged with robbing the Illinois State Bank of East Alton, were issued by Governor Small today. They are under arrest in St. Louis.

SPRINGFIELD, Ill., Feb. 21.—Requisition for the return from Madison, Wis., of Fred Burkhardt, wanted in Belleville, for the theft of an automobile belonging to John Meyers, was issued by Governor Small today.

SPRINGFIELD, Ill., Feb. 21.—Writs of error were allowed in two cases from St. Clair county circuit court by the supreme court today. The cases result from awards granted by the Illinois Industrial commission. The St. Louis Pressed Steel company appeals from the award granted Adolph Scharp and Lumashi Co. company appeals from an award granted Nettie Buckner, widow of John Buckner.

DIXON, Ill., Feb. 21.—The residence of Rev. H. I. Gehant was totally destroyed by fire of unknown origin early today, while the family were visiting out of the city. Loss \$10,000.

MOBILE, Ill., Feb. 21.—Bank bandits last night attempted to rob banks in Port Byron and Cordova, two Mississippi river towns, a few miles north of Mobile. Failure of the yegs to blow the inner doors of the banks' vaults was responsible for their lack of success. Both banking houses were entered, one through the front door and the other through a window.

CHICAGO, Feb. 21.—Franklin MacVeagh, former secretary of the treasury, is in a hospital here recovering from injuries sustained last Thursday when he was struck by an automobile, it became known here today. Small bones in the joint of his left ankle were crushed and the ankle bone was fractured, physicians say.

NEW YORK, Feb. 21.—Col. R. G. Cholmely Jones, formerly director of the bureau of war risk insurance, died at the Presbyterian hospital early today. He had been ill at the hospital since October 30, last.

DIXON, Ill., Feb. 21.—Representatives of every community between LaSalle and Freeport met here Monday afternoon under the auspices of the Dixon chamber of commerce and perfected an organization to work for the early completion of the state bond issue road between the two cities named. Over 100 men attended the meeting, which named a committee to petition Governor Small for his influence in getting the road completed this year.

ACCEPT PLANS FOR SUBWAY.
CHICAGO, Feb. 21.—Plans for the immediate construction of a subway and an ordinance permitting work to start on it at once were unanimously accepted today by the council transportation committee. Work of preparing the necessary plans and drafting ordinances will be begun at once it was stated.

The city has been accumulating a fund of approximately \$31,000,000 for the purpose.

CON CON STILL WRESTLING WITH REVENUE ARTICLE

Committee Tries to Merge
Ideas to End Controversy

(By The Associated Press)
SPRINGFIELD, Ill., Feb. 21.—Substituting the report of the "correlation" committee for all pending motions and reports on revenue the constitutional convention took a new grip on the tax question tonight. In presenting the report Chairman Jarman said it did not meet the personal approval of the members of the committee, but was an attempt to merge ideas in an effort to bring the revenue controversy to an end.

"We believe the time has come to lay aside all selfishness and arrogance of opinion and it is in this spirit that the committee makes this report," Chairman Jarman said.

Six of the seven members of the committee signed the report, Delegate Fifer of McLean county dissenting.

The convention remained at recess until late this afternoon to wait on the committee. The report contains eight sections, which for the purpose of discussion were substituted for the first four sections of the original revenue article.

Briefly the report provides: That the general assembly shall provide for the levy of taxes by valuation.

That the general assembly may provide a tax on incomes from intangible property in lieu of an ad valorem tax on intangibles, such income tax to be uniform. That a general income tax may also be levied. If the income tax is graduated the highest rate shall not exceed three times the lowest rate. That exemptions from income taxes shall not exceed \$500.

That the following classes of property may be relieved from taxation by general law:

- (1) Public property.
- (2) Household furniture used as such, up to the value of \$500.
- (3) Property and income used exclusively for agricultural and horticultural societies, incorporated societies of war veterans, schools, cemeteries not used for private profit, charitable or religious purposes including parsonages.

With these limitations the matter of taxation would be largely left in the hands of the legislature. The general provisions of the committee report except the exemptions, are similar to the provisions of the constitution of 1870 under which the state operates.

BILLY MASON'S DAUGHTER FILES FOR CONGRESS

Will Run at Large on the
Republican Ticket

(By The Associated Press)
SPRINGFIELD, Ill., Feb. 21.—Winifred Mason, daughter of the late Congressman William E. Mason, filed her petition today as a candidate for congress-at-large in the Republican primary April 11.

It was said here today that Mrs. Huck may also file as a candidate to complete her late father's unexpired term.

Mrs. Huck was mentioned as a candidate for congress soon after her father's death. When Governor Small called a special election to be held concurrently with the general election for the purpose of filling the vacancy in congress some politicians expressed the belief that Mrs. Huck would be a candidate for the short term only. She is the first Illinois woman to run for congress.

WIFE OF ONE OF VICTIMS
SPRINGFIELD GIRL
Springfield, Ill., Feb. 21.—Confirmation of the reported death of Lieutenant W. C. Cummings of Springfield, Tenn., in the Roma disaster was contained in messages to relatives here from Lieutenant Cummings' wife and the commandant of Langley Field tonight.

Lieutenant Cummings was transferred from Monrovia Field at Los Angeles to Langley Field last month. He was in the air service during the war and in 1918 married Miss Florence Roach of this city, who at the time was a member of the staff of an Omaha newspaper.

RACE RIOT IN CHICAGO.
CHICAGO, Feb. 21.—A fight between a crowd of white persons and negroes in a South Side motion picture theater tonight resulted in a riot call to the police. The battle started when a white woman claimed that she had been insulted by a negro. A general fight followed which was not ended until the police separated the combatants. Several persons were reported slightly injured.

COMMITTEE ON SOLDIER BONUS TO START WORK

Will Get Down to
Brass Tacks on Financing Today

(By The Associated Press)
WASHINGTON, Feb. 21.—The seven Republicans of the house ways and means committee, charged with solving the problem of financing the soldiers' bonus expect to get down to brass tacks tomorrow. Chairman Fordney said late today, after the committee had again discussed the whole question with Secretary Mellon, the treasury secretary was understood to have reiterated his opposition to a bonus at this time, but declared that if such legislation was to be passed it should be financed by a sales or some other tax.

Asked what the treasury would do if congress passed a bonus bill as a general charge against it, Mr. Mellon was said to have replied that the amount would be paid by issuing short term certificates. He opposed this form of financing, however, on the ground that it might affect the interest rates on the refunding of certificates due in 1923.

Some members of the committee quoted the secretary as saying that as between a sales tax or bond issue for the bonus he would recommend the former.

The general belief at the capitol continued to be that some form of sales or manufacturers' tax would be recommended. It was pointed out that with President Harding opposed to both the original tax program suggested and to the issue of bonds, the field had been narrowed to a sales tax or the drafting of a measure that would be a general charge on the treasury.

Many Support Bond Issue.
This last plan is supported by some Republican leaders of the house and also by those who are leading the opposition to a sales tax. Representative Pear, Wisconsin, declared tonight that he believed he spoke the sentiment of a "hundred" Republican members of the house to the effect that a sales tax will be opposed or any rule seeking to impose it on the members.

He said that seventy Republicans had signed a petition against any sales tax and that many others would sign.
"Nearly all of these one hundred members are in favor of a bonus bill," said Mr. Pear, "and in favor of having it passed the same as the bill was reported to the senate, leaving the treasury to finance any immediate demands, estimated at approximately \$200,000,000 during the coming year, by the issuance of certificates which will be covered by the foreign loans."

"This does not take into consideration any economies that may be put into force."
Urging adoption of a sales tax similar to Canada's Representative Volk, New York today, asked Chairman Fordney that the subcommittee hear him on the question. He said that if it were explained how the Canadian law would work in this country, he believed the subcommittee would favorably endorse the plan of raising the bonus revenue.

SHERMAN COMPANY PLEADS GUILTY.

CHICAGO, Feb. 21.—Pleas of guilty on twenty-six counts were entered today by the Hotel Sherman company before Federal Judge Carpenter in answer to bills of information filed against the company charging violation of the prohibition act. Judge Carpenter set March 13th for disposition of the case. The company stated that the violations charged were entirely technical and were committed without intent of wrong.
At the same time representatives of the Ottawa Brewing company and the Joliet Citizens' Brewing company pleaded guilty to charges of violation of the Volstead act. Fines of \$250 were assessed against each concern.

MR. SANDS IS FOUND AGAIN.

CONCORD, N. C., Feb. 21.—Chief of Police Talbert arrested a man here tonight suspected of being Edward F. Sands, wanted in connection with the killing of William D. Taylor the motion picture director in California. The man held here is said to fit closely the description of Sands.
The prisoner through a grilling cross-examination by the local authorities denied emphatically that he was the man wanted or that he had any knowledge of Taylor or Sands. He has not satisfactorily explained his presence here, however.

THIRTY FOUR DIE IN WRECK OF DIRIGIBLE AT HAMPTON ROADS

Many Bodies are Burned Beyond Recognition—
Eight Are Seriously Injured—
Ship Falls 1,000 Feet Striking High Tension Wire—Explosion and Fire Follow

(By The Associated Press)
NORFOLK, Va., Feb. 21.—Thirty-four men were killed, eight injured seriously and three uninjured or only slightly bruised when the giant army airship Roma with her crew and a number of civilians, totalling 45 in all aboard, plunged today from the thousand feet or more in the air to the ground at the Hampton Roads naval base. The accident presumably was caused by a broken rudder and as the huge dirigible plunged to earth it capsized across a high tension line, bursting into a roaring furnace of blazing hydrogen gas.

Long after dark tonight, many hours after her fall, the ship was still a mass of flames, from end to end of her 410 foot mass. The fire was feeding on the million cubic feet of gas in the great bag.

Barely a dozen or more than two score men aboard had been picked up alive. One died enroute to a hospital. All of those who survived the fire escaped by jumping as the ship struck.

The others, penned in the hull beneath the fall of the bag were burned to death. Heat of the fire fought back the rescuers for hours. Three fire departments fought the flames with chemicals and by seven P. M. it was out.

Derricks began picking up the wreckage as the flames were driven back. There was scarcely more than the aluminum frame work of the six liberty motors to move. Within the wreckage lay the bodies, many charred beyond recognition. Thirty bodies had been taken out tonight. Three or four were thought to be still in the charred mass of what had been the largest ship of her type in the world.

Accounts of surviving officers who were available tonight. Every man who escaped alive was burned or bruised or both. Eye witnesses who watched the smash agreed, however, that the huge kite-like structure of the stern ended itself as large as a bombing plane, had slipped to one side as the Roma dove along a thousand feet above the army base.

She was making a trial flight with a new battery of liberty motors installed to replace Italian engines which have not proved satisfactory. It was just before 2 P. M. when those at the army base at Hampton Roads, had their attention caught by the approaching thunder of the six motors looked up to see the Roma dip down from her straight flight.

The ship nosed steeply down. As she came closer it was seen that her crew were hurling out sand ballast from the ports in the fragile fabric that formed the covering of the space between her living and operating quarters of the ship. But on the ship came, unchecked head first. Her commander could not force her the few hundred feet that would have dropped her into the waters of the bay and comparative safety.

Hits High Tension Wires.
Below ran the high double wires of the high power electric line. It carried a 2,300 volt current. The Roma's nose, shod with its aluminum guard thrust in to the wires, broke them as the ship flattened to earth and rolled over and the next moment came the noise of an explosion and the flame burst out along the hull space.

There was a rush of men to the (Continued on Page Four.)

JURY DECLARES CHURCH IS SANE, TO HANG MARCH 1

Jury Returns Verdict
After Two Hours
Deliberation

(By The Associated Press)
CHICAGO, Feb. 21.—Harvey W. Church, condemned slayer of B. J. Daugherty and Carl Ausmus, automobile salesman must hang on March 3, the jury which has been hearing testimony regarding his sanity deciding that he is sane. The jury deliberated less than two hours. Church who killed the two salesmen and tried to hide their bodies in order to obtain possession of a \$5,000 automobile was to have been hanged last Friday but was given a stay of execution pending the hearing as to his sanity.

The governor, the state supreme court and the state board of pardons had previously refused the plea of the attorneys for a stay of execution or a new trial.

PSYCHOLOGISTS FIND PREXIES BELOW GRADE

Twenty Four do Not Graduate as Men in Freshmen Class

(By The Associated Press)
CHICAGO, Feb. 21.—Psychologists giving mental alertness tests to twenty-four college and university presidents at Northwestern University today announced that not one of the educators had attained a grade as high as that made by the best minds in this years freshmen. The educators have been attending a conference at the university. They are from middle-western institutions. The tests were the same given all freshmen when they enter Northwestern. They are somewhat similar to the army intelligence tests designed to search out latent ability of students and determine whether they were fit subjects for college education.

The questions are mainly a test of the quickness of the student's mind.
The grades made by the educators range from 33 to 79 out of a possible 100. Freshmen drew marks from 24 to 84.

PLAN MEMORIAL FOR WASHINGTON
Washington, Feb. 21.—Approval of final plans for a magnificent building to George Washington to be created by the Masons of the United States at Arlington, Va., seven miles from here on a ridge commanding a view of the capital was given tonight at the twelfth annual meeting of the George Washington National Memorial Association. The structure and surrounding grounds will cost approximately \$2,000,000.

One hopeful thing for the enforcement of the 18th amendment is the fact that people, many of whom opposed the law, now believe in its enforcement upon the general principle that there should be respect for law. In fact the campaign that many papers have carried on thru cartoons and

news columns to deride the prohibition law and breed contempt for it, has been overcome and the reaction has set in. A great majority of Americans have respect for law and believe in its enforcement.

Newspaper comment upon the announcement of the intention of Judge Landis to resign from the federal bench in order to devote his time to his duties as baseball commissioner, show that the jurist's decision is not popular. The public by a large majority would rather think of Judge Landis on the bench than in his capacity as supreme arbiter in baseball affairs.

Certainly it's almost safe to count the winter of 1922 as past, for only another week of February remains. Possibly it's because of this mild winter and the approach of spring days that people feel so little concern about the promised coal strike. The only interest manifested is in speculation as to just how many weeks the mines will be shut down.

They commonly apply the phrase, "The days of real sport," to the age of boyhood, but certainly nowadays the phrase has a much wider meaning. These are the days of real sport in Jacksonville, and there is more interest now in basketball than there was in baseball in the good old days. A basketball game on any floor in Jacksonville brings out an audience of old and young sufficient to tax the seating capacities of the halls where the games are played. Public interest in sports is a healthy thing.

South Jacksonville is an applicant for water service from Jacksonville. Most citizens, while regretting that the citizens to the south do not wish to come inside the corporate limits, feel that if water can be spared it should be sold to the village and at a fair price. In other words, the prevailing sentiment in Jacksonville is that there is not even an imaginary boundary line between the city and the village when it comes to matters of friendly courtesy.

It is said that one of the large movie theater owner corporations has declared that it will show no films in which actors or actresses appear whose names have been in any way linked with scandal or immorality. If all the associations would take like action there would be no need for Will Hays to do reform work in Hollywood.

Twenty-five years ago the first interurban railway in the United States began operation. It was eleven miles long. It was the beginning of the modern interurban industry of the United States, which today has 18,000 miles of track and which brings rapid

transportation to the farms and small communities of the nation.

The twenty-fifth anniversary of the building of the first interurban line will be celebrated in Indianapolis, Ind., and Feb. 28, at the annual mid-year meeting of the American Electric Railway association, which embraces some 800 electric railways. The future of the interurban will be one of the chief subjects discussed at this meeting.

No doubt if the automobile had been developed first many an interurban line would never have been built. The auto makes operation for many electric lines a difficult matter.

TAXPAYERS FIRST

The whole nation will regret the misfortune of 1350 government employees who have been furloughed without pay at one navy yard, but there will be equal rejoicing that henceforth the taxpayers will be relieved of the burden of paying wages to men engaged in an industry that adds nothing to human happiness. This is not saying that the labor of men in navy yards has been utterly wasted in the past. On the contrary, since our national safety depended upon an adequate navy, their work was highly beneficial.

But the armaments treaties which President Harding and Secretary Hughes and others have been able to negotiate with the other leading nations have assured us international peace and safety without continued building of battleships and making of guns of long range. Under conditions which render armament unnecessary, continued use of labor for armaments would be waste. It is to be hoped that the navy yard can be used for some productive purpose of a peace-time nature. It is doubtful, however, whether it will be profitable for the government to undertake to operate any peace-time industry, for government operation is notoriously expensive.

THE COST OF GRADING AND PAVING

What part of the cost of a road goes into grading and structures that are more or less permanent, and what part goes to the paving, which may eventually wear out?

This question is answered fully by statistics compiled by the Bureau of Public Roads of the United States Department of Agriculture on 1,350 Federal-aid roads, involving 7,500 miles of road, at a total cost of \$112,000,000. Of the total cost, 21 per cent went into grading, 14 per cent into structure, 62 per cent into paving, and 3 per cent for engineering. These are the average figures for the whole of the United States, but there is considerable variation in different sections.

In the Middle Atlantic States, where grading is not heavy and traffic the cost of the grading rises to 75 per cent and the grading and structures fall to 15 per cent and 9 per cent, respectively.

In the Mountain States the problem is very different, much of the work being new construction with heavy grading and the highest type of surface is not necessary. In this group of states the cost of grading amounted to 33 per cent, structure 20 per cent, and paving 42 per cent.

CONCERT GIVEN AT STATE STREET CHURCH

Midwinter Event of Conservatory Chorus and Orchestra Proved of Unusual Merit.

The annual Midwinter concert, given by the Illinois College chorus and the Conservatory orchestra, took place last evening at the State Street Presbyterian church. An audience of good proportions was present, and listened to a varied program with every evidence of interest and enjoyment. There was much applause for all concerned in furnishing the music and much favorable comment was heard—praise which was unusually deserved on this occasion.

The first half of the evening was occupied by the orchestra, under the able baton of Mr. Kritch, who showed his usual discriminating taste and good judgment in selecting pieces suitable for both audience and performers. The first three numbers taken from Grieg's "Sigurd Jorsalfar," and revealed in a most interesting way the Norwegian genius of this greatest of Scandinavian composers. The last of the three was particularly dramatic, cutting for skill and grandeur as well as fire and vigor on the part of the players. It was executed astonishingly well.

The second group, from a Chinese Suite of Berge, was quite different in character, displaying a more modern color as well as a leaning toward the oriental rhythms and harmonies. The second and third, especially, held to the Chinese idiom, and would be more interesting still on a second hearing.

The always charming music from Delibes' ballet "Coppelia," represented by two excerpts, made an appropriate ending to the orchestral part of the concert, and was well received. The waltz was really beautiful, with nothing lacking that one hears from a large professional orchestra. All in all, both conductor and players are to be congratulated on a performance of extraordinary smoothness and musical quality.

Before the main part of the program Miss Eunice Nortrup, of Grigsville, played by special request a harp solo, "A Romance" by Hasselmans. Her playing in the orchestra had aroused interest and the audience was most enthusiastic over her solo work, demanding an encore, to which she responded with a short piece by Gounod. Those who had heard her piano playing were not so much astonished at her skill with the harp as were those who knew merely how short a time she had studied the second instrument. Her performance was truly remarkable, and gave great promise for the future.

In the opening number for the Chorus, Gounod's "Out of Darkness," a most grateful and melodious work was offered, and it was sung with a beauty of tone and variety of shading surprising in an amateur body of singers. The quartet, delivered by Misses Ethel Carter and Ruth Melba Armstrong, Messrs. Hackett Wilder and Clayton C. Quast with excellent ensemble and skillful understanding of its contrapuntal difficulties, was accorded enthusiastic applause by the audience. It is a beautiful piece of voice writing.

In the "Fair Ellen" by Bruch, with its Scotch melodies and its vigorous rhythms, the chorus did some good work, entering into their task with real enthusiasm and comprehension of the dramatic values. The solo parts were taken by Miss Josephine Conboy and Mr. Quast, whose voices blended well in the duet portions. Miss Conboy improves steadily in her work, and her upper tones had their brilliancy, while the medium voice shows a gain in body. It is difficult to speak of Mr. Quast's vocal work without using many superlatives. He has accustomed the Jacksonville public to the expectation of the highest artistry when he sings and he did not disappoint the audience this time. The beautiful quality of his voice, as well as his extraordinary musical instinct, were evident in every phrase.

These two cantatas were conducted by Mr. Munger with his usual musical insight and accurate beat. The writer is informed that the chorus began its rehearsals under Mr. Quast's leadership, and the task of conducting was transferred to Mr. Munger when it was decided that Mr. Quast should undertake the baritone solo parts in both works. The last chorus, sung with a lovely organ accompaniment played by Mrs. Bullard, was conducted by Mr. Quast, who obtained some remarkable effects of contrast, shading and sustained legato. The solo was delightfully sung by Miss Ethel Carter. This most interesting number brought the excellent program to a close.

MRS. MARY R. ALLEN DIES AT HOME IN CHICAGO

Former Resident Will be Brought Here for Interment—Funeral Will be Held Friday Afternoon.

A message received Tuesday by Mrs. F. H. Rowe brought news of the death of Mrs. Mary Rutledge Allen at her home in Chicago. Mrs. Allen was for a long period a resident of this city, but more than twenty years ago removed to Chicago, where the family home has been maintained at 4345 Stewart avenue.

During her illness, Mrs. Allen has had the devoted care of her daughters, Miss Clara Allen, a teacher in the public schools of Chicago, and Miss Bertha Allen, who is attached to the clerical force of the Chicago postoffice.

During her years of residence in Jacksonville Mrs. Allen was identified with Centenary church and throat all her life her interest in religious affairs was maintained. Those who knew her intimately could not but be impressed with the earnestness and cheerfulness of her spirit.

The body is to be brought to Jacksonville on the 11:30 train Thursday night. A funeral service will be held at Reynolds chapel Friday afternoon at 1:30 o'clock. Interment will be made in Jacksonville cemetery.

ASBURY

Vocal solo—Mrs. S. G. Smith. At the close of the program a tea was given by the members of the board of directors for the Jewish relief fund for suffering children. The serving of dainty refreshments brought the afternoon to a close.

Executive Board Met.
The executive board of the union revival meetings held a business meeting at 2 o'clock Tuesday afternoon at the Methodist church. At this time it was decided that after the payment of all bills the surplus from the offerings made during the series will be divided between the churches which united in the meetings. A liberal offering was raised for Dr. Violette at the close of the meetings, which resulted in a total of 155 persons being taken into the various churches.

News Notes.

Mrs. W. C. Kuechler is confined to her home on account of illness.

Mrs. Gertrude Demerath left the first of the week for Astoria to assist in meetings there.

Miss Irene Nieman of Chapin, spent the week end with her mother here.

Mr. and Mrs. Monte Funk of Chapin, were visitors in Winchester Tuesday.

The first of the picture festivals by Dr. Violette was given at the Methodist church Tuesday evening. The subject was Palestine and a number of fine views of the holy land were shown. Tomorrow night there will be pictures of "Japan, the Kingdom of Sunshine and Flowers," and the Thursday night subject will be "The Passion Play."

ANNUAL MEETING OF TELEPHONE COMPANY

Stockholders of Illinois Telephone Co. Elect Board of Directors and Officers Tuesday.

The stockholders of the Illinois Telephone Co. held their annual meeting Tuesday morning at the company's offices on West State street. The president, general manager, secretary and treasurer presented their reports, all of which were of a very satisfactory kind.

The stockholders chose A. J. Parsons of Springfield to fill out an unexpired term as director. The other directors chosen were A. S. Burgess, one year, C. H. Russell, F. C. Funk and J. S. Hackett, three years. The latter three were re-elected.

The new board of directors held a meeting immediately after the stockholders' meeting and elected the following officers:

President—J. S. Hackett. Vice President—C. H. Russell. Auditor—S. A. Teecey. Secretary and Treasurer—W. W. Holliday.

General Manager—J. H. Dial. It will be noted that W. W. Holliday, who has acceptably met the arduous duties of president and general manager, will now turn his attention to another department and will serve as secretary and treasurer of the company.

J. H. Dial, who has shown his interest and ability since his connection with the company staff, has been made the general manager.

The Woodson Woman's club will hold a market Saturday at Dorwart's market in this city.

"Gifts That Last"

LACK of appreciation of the need of
making a will and then appointing
a Trust Company as the executor, has
been the cause of much serious trouble
in hundreds of thousands of homes.

The most devoted husbands and fathers
who wouldn't think of allowing any
unnecessary discomfort to come to their
loved ones, are suddenly taken away and
their families are left to struggle with all
the technicalities and intricacies of settling
the estate.

Even where a will has been made, and
an individual chosen as executor, complications
may arise. The executor may be
inexperienced or incapable. A trust

FORMER GREEN COUNTY

RESIDENT IS DEAD

White Hall, Feb. 21.—Word
received by J. D. Rowe, secretary
of the I. O. O. F. lodge, announces
the death of Perry E. Cobb
at Long Beach, Cal. Mr. and
Mrs. Cobb went to California
about three years ago. A former
kidney ailment became aggravated,
and for a year and a half he
has been an invalid. Early in
January his condition became
dangerous, and word of his death
was not unexpected by the relatives
and friends. His death occurred
Sunday.

He was about 55 years of age,
and was born on the homestead
farm of his father, William Cobb,
between White Hall and Roodhouse,
the family afterwards residing
in the Highstreet neighborhood,
southwest of White Hall, where the
father developed quite a large
acreage of apples, being one of
the pioneer apple growers of this
section, and conducted the flouring
mill at Seeley's mill. Perry grew up
on the Highstreet homestead, and
his marriage with Miss Nora Crum
followed and she survives. They
resided in town the greater part
of the time until going to California,
he being engaged in various
business ventures here, and was
highly regarded. The surviving
sisters are Mrs. Ed. Painter
of Carrollton, and Mrs. Minnie
Downing of California, and the
brothers are Charles and Oscar
Cobb of Waverly, Mo. There
are no children.

The remains will leave Long
Beach Wednesday for White
Hall, arriving here probably Friday.
Funeral services will be held
in the M. E. church under
auspices of the Odd Fellows.

HOUSE DESTROYED

BY FIRE TUESDAY

The residence of Mr. and Mrs.
Ben Correa at the corner of Fayette
and Walnut streets was totally
destroyed by flames at about
10 o'clock Tuesday morning. The
fire was caused from the explosion
of a coal oil stove. The firemen
made a fast run to the scene
but were unable to extinguish the
blaze. A few pieces of furniture
were saved, but most of the
household goods and personal effects
of the family were destroyed.
The house was owned by Mrs.
Samuel Ragan and it is understood
that no insurance was carried
on either the house or the contents.
Mr. Correa is employed
as a weaver at Capps factory.

FIRE DESTROYS BARN

ON G. W. STOUT FARM

A barn on the farm of G. W.
Stout, six miles northeast of the
city, was completely destroyed by
fire early Tuesday morning. The
barn was a large one and in it
was stored a quantity of corn and
oats and several buggies and other
vehicles. It is understood
that the loss is partially covered
by insurance. The farm is occupied
by Lee Mason.

S. W. NICHOLS WRITES LETTER FROM ARIZONA

Tucson, Arizona,
February 17 1922.

Dear Journal:

Our third week in this pleasant
place is almost gone and we are
passing the time most agreeably
tho of course for enjoyment pure
and undiluted there is no place
like home.

The weather here is rather cold-
er than it was when we were here
a year ago tho pretty much every
day has been bright and agree-
able enabling us to sit several
hours in the open air on the uni-
versity campus. People here do
boast of the climate and I guess
they have a good right to do so
for it surely is fine.

I had a very delightful morning
visit with Father Connolly who
was born and reared near Murray-
ville but who has been a resident
of this state some 24 years, com-
ing at a time when his health was
so poor that a first class doctor
told him his days were surely
numbered and he would soon be
no more so he would better stay at
home and die among friends in-
stead of going out west to be
brought back in a box later on.

He decided to try the west tho
at any rate, and today he is rug-
ged and hearty tho carrying a
heavy load in his work. He is in
the midst of building and I had the
pleasure of examining the fine
edifice he is having constructed.
It is 60 by 130 feet and is a splen-
did affair, with a seating capacity
of 800.

He will need all of this for his
parish numbers some 120 families
and they, with outsiders, will make
a large congregation. The inter-
ior is Roman and the exterior part
Mission architecture. The stations
will be in suitable positions and in
the best style. There are twelve
pillars which will be finished in
stone imitation and add a massive
and ornamental appearance to the
interior. The altar will be very
beautiful. It is of imitation marble
constructed by specialists in
St. Paul and is the gift of a lady
now of Los Angeles, and a former
member of the parish.

The altar railing is 24 feet long
and very beautiful. The floors are
of hard wood; there will be a base-
ment nine feet high and the build-
ing will be steam heated. Exclu-
sive of the altar the building will
cost about \$38,000. It will have
plain glass windows at present. It
is the intention of the worthy pas-
tor to pay as he goes so that stain-
ed glass will come later either as
the parish has money to pay for
them or as people see fit to con-
tribute memorials to their friends.

The whole appearance of the
church is attractive and inside it
is majestic and imposing. Father
Connolly hopes to get into his new
church by Easter but it is a bit
doubtful as there is quite a lot of
work and we all know how the last
strokes are prolonged tho it may
be accomplished. It is a great
pleasure to see the high esteem in
which Father Connolly is held in
this beautiful city and he deserves
it. Long may his useful life be
spared.

Mrs. Pontius failed to find de-
sirable quarters in Tombstone so
came here a week ago and is very
pleasantly located. We have seen
several other Jacksonville people
who are here, some permanently
and some transient like ourselves.

Fourth Ward—Troy A. Chapin,
Harvey Brinkman, Republicans.

REGAINS MIND AFTER

YEARS AT STATE HOSPITAL

One of the patients at Jack-
sonville State hospital is soon to
leave the institution after a stay
of twenty-one years there. This
is a woman who was suffering
with involutional melancholia
and whose case was for years re-
garded as incurable. During the
years of her stay at the hospital
the members of her family be-
came scattered and finally all
trace of them was lost. However,
the hospital authorities finally lo-
cated one daughter, now resident
in Michigan, and this daughter
has now come to the city to take
her mother home with her. The
case is one of the most remark-
able instances of recovery on re-
cord at the local institution.

JUDGE JENKINS COMING

Judge C. H. Jenkins, head of
the State Public Welfare depart-
ment, is expected in the city this
afternoon for inspection of the
mental survey now in progress at
the State School for the Deaf. The
visit will also spend some time
at the other state institutions
while here.

O. W. Fuley of Scottville, was
in the city yesterday calling on
his wife who is a patient at Pas-
savant hospital.

MORGAN

Willis Rickey was born March
17, 1877 and died at his home in
Bethel February 16, 1922, after
an extended illness of dropsy. He
is survived by his wife, his aged
mother, two brothers, Tom and
Jim and several nieces and neph-
ews.

Funeral services were held at
the home Saturday morning at
10:30 in charge of Rev. W. O.
Long of Chapin.

Interment was made in the
Tippett cemetery. The pallbear-
ers were Herbert Owens, John
Daly, John Drake, John Anderson
and John and Charles Taylor.

Mr. Rickey was widely known
throughout Morgan and adjoining
counties as a junk dealer.

Harmon Rahe and son Alfred
were business visitors in Jackson-
ville Thursday.

Mrs. Chester Williams spent
several days last week with her
mother, Mrs. Jake Christison at
St. John's hospital in Springfield.
Mrs. Christison returned to her
home near Winchester Saturday,
but is very poorly.

O. P. Hamilton, Charles Ner-
genah, Fred Middendorf, Mr. and
Mrs. George Coulson, Mr. and
Mrs. Arrol Garner, Mr. and Mrs.
Irvin Coulson were numbered
among those that attended the
funeral of Arthur Vannier in
Jacksonville Friday afternoon.

Mrs. Charles Nergenah was a
shopper in Jacksonville Saturday.
The usual spring moving will
begin this week. Ross Smith and
family who have been living on
the M. V. Hutches farm and work-
ing for Chester Williams will
move onto the French farm south-
east of Chapin. Mr. and Mrs.
Jas. Daly will move to the Hutches
farm and work for Irvin Coulson.

Chester Williams having turned
his lease over to Mr. Coulson, Lee
Robbins who has been living on
the Alpha Anderson farm, for-
merly the J. R. Taylor farm, and
worked for Mr. Anderson will
move into Sam Smith's tenant
house and work for Mr. Smith
this season. Chas. Kendrick who
has been living in Irvin Coulson's
house will move into the Alpha
Anderson house and go into the
poultry business.

Jim Barfield and family moved
one a farm near Naples last
week. Mr. Barfield has lived in
Bethel the past several years and
worked for John Drake. Orville
Dickins and wife will occupy the
house vacated by Mr. Barfield,
and will manage the Bethel store
which he recently purchased.

Mrs. Horace Hale from near
Exeter has been visiting at the
home of her daughter Mrs. Ches-
ter Brackett and helped care for
her baby who has been quite sick
but is better at this writing.

Mr. and Mrs. Montie Funk,
Mr. and Mrs. Athol Garner and
Mr. and Mrs. Geo. Coulson were
numbered among those who at-
tended the Violette meetings in
Winchester Sunday.

Chas. Holliday of Chapin was a
business caller in this vicinity Sat-
urday.

Clyde Williams and family were
Sunday visitors at the home of
Mrs. Charles Oakes in Bluffs.

Word was received from Oliver
Anderson, a former resident, who
underwent an operation recently
in a hospital in Quincy, that he is
getting along nicely.

Paul Stone and Loyd Anderson
who are attending Illinois College
in Jacksonville spent Sunday with
home folks.

HI-Y CLUB MET AT

FIRST BAPTIST

The Hi-Y club met in the First
Baptist church Tuesday evening.
There were 43 present. Several
of the boys were absent on ac-
count of an out of town basket
ball game. Rev. A. P. Howells
made a short talk on his visit to
Valley Forge and Mt. Vernon and
other places around which Wash-
ington's name is associated.

Following the talk the Bible
study dealing with the life of
Christ was read by J. S. Findley.
Supper was served by the ladies
and a most appetizing menu was
served.

FORMER RESIDENT IS

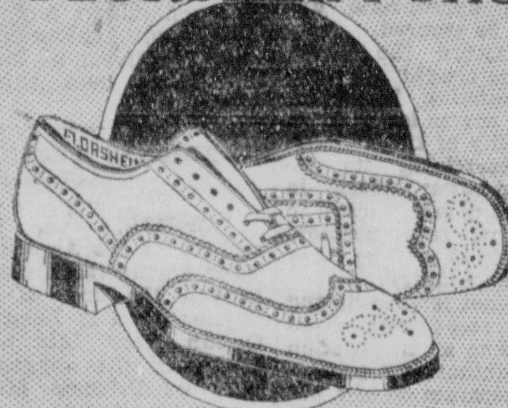

BURIED AT VIRGINIA

Funeral services were held at
Virginia Tuesday afternoon for
the late John Calvin Riggs, a for-
mer resident of this county. Mr.
Riggs passed away Saturday at
the age of eighty-one years. For
the past sixteen years Mr. Riggs
had made his home with his
cousin, Miss Olive Drinkwater, at
her farm east of Virginia. He is
survived by two sisters. A num-
ber of local residents were well
acquainted with the deceased and
were sorry to learn of his death.

J. G. Berger and J. F. Claus left
this morning for St. Louis. They
expect to be away two or three
days.

workmen and that would permit of a cost of coal and price to the public that is appropriate and proper, cannot be secured.
"Failure to secure the larger wage conference sought by Mr. Lewis and negotiating by states instead will, of course largely curtail the possibility of the national organization exercising its so-called economic power, which in more common language, means to strike and throw into absolute idleness as nearly as may be every coal mine in the country."
"Whether or not Mr. Lewis and his associates, recognizing these facts will agree to a negotiation by states and authorize representatives in the separate states not arbitrarily to make demands and

strike if they are not granted but, to the contrary, go into the actual merits of the situation and endeavor and earnestly to reach an agreement that will be acceptable to the conservative element of his organization and not a surrender to its radicals remain to be seen."
Dr. Honnold also declared that doubt had been cast upon the legality of a joint wage agreement between miners and operators in the recent ruling of Federal Judge Anderson at Indianapolis in which he held the "check-off" illegal.

AMERICANS ATTEND KINGS RECEPTION

LONDON, Feb. 21.—Several members of the American embassy were among the persons who attended the first of a series of parties given by King George and Queen Mary this afternoon in honor of the approaching wedding of Princess Mary to Viscount Lascelles.

Court officials, diplomats, the Earl and Countess of Harewood, the parents of Viscount Lascelles and members of the royal household also were present. The Americans attending included Major Oscar N. Solbert, military attaché, and Frederick D. K. Leclercq, and Frederick F. A. Pearson, secretaries.

ILLINOIS PLAYS LAST HOME GAME

Coach Harmons Men Meet Fast Wesleyan Five Tonight—Men Expect to Make Better Showing Than in Bradley Game.

The last home college basketball game of the season will be played tonight at 7:45 in the David Prince gymnasium when Wesleyan University meets Illinois College. The Bloomington boys have a good season record but, like all other teams in the Illinois Intercollegiate conference, they have had their upsets. They have won from Eureka, Normal, Knox, Millikin, Monmouth and Illinois College. They have lost to Bradley, Millikin, Augustana and Lombard.

Comparison of scores indicate that Wesleyan has considerable advantage in tonight's contest. The Illinois players hope to strike their stride in tonight's game and give the Methodists a real battle. The probable lineups of the two teams are:

FINE PROGRAM FOR OAK LAWN BENEFIT

Mrs. Barr Brown has arranged a musical program for the Oak Lawn benefit under the auspices of the Domestic Science round table to be held Thursday afternoon, Feb. 23, at the Elks Home, that promises a rare treat to those fortunate enough to hear it.

The numbers include solos, duets, trios and quartets. Those participating are, Mrs. A. R. Gregory, Mrs. Abe Wehl, Mrs. Edward Bowe, and Miss Helen Sorrells, violin, with Mrs. Helen Ayers Bullard, accompanist.

The afternoon promises to be most enjoyable both from a musical and social standpoint.

Members of the Women's Club and the Round Table and friends who have not secured tickets can pay admission at the door.

CORONER AWAITS DAUGHTER'S ARRIVAL

Coroner Rose is now awaiting the arrival of Miss Ivy Mason of Berkeley, Cal., before holding the inquest on the body of William A. Mason.

After the death of Mr. Mason the coroner found a letter which he had written to his daughter. The letter was sealed and the daughter was notified. She telegraphed that she would start immediately for this city and it is expected that she will arrive Friday.

Coroner Rose has empaneled the jury: G. W. Patterson, Lee Rexroat, Homer Cully, Fred Eyre, Emory C. Carter and James Finch. It is the purpose of Mr. Rose if the daughter arrives Friday to hold the inquest at 1 o'clock Friday evening.

FIRE LOSS FIGURES FOR FIVE YEAR PERIOD

Huge Sum Lost as Result of Fires, According to Figures Just Announced by The National Board of Fire Underwriters.

NEW YORK.—(By the A. P.)—Three hundred and thirty-four thousand dwellings at \$5,000 each, sufficient to house 1,700,000 persons, could be built with the money lost in fires in the United States from 1915 to 1920, according to the figures given out by the National Board of Fire Underwriters.

The board places the national fire loss during the five year period at \$1,672,722,677, based on an examination of over 3,000,000 reports of fires.

Matches and smoking hazards are held responsible for \$90,000,000 of losses, according to the report. Next comes electricity, which caused fires costing \$83,000,000. Stoves, furnaces, boilers and pipes caused a loss of \$63,000,000; defective chimneys and flues \$61,000,000 and "exposure" which means communicated fires, \$233,000,000.

As a basis of comparison, the underwriters figure that the five-year fire losses of the nation would build 5,000 homes for the entire population of Nevada, Wyoming and Connecticut. They would erect 16,722 school houses at \$100,000 each; or would purchase 16,722 grams of radium, the costliest of earth's products. Sixty-seven per cent, \$56,000,000, of the total loss was classed as strictly or partly preventable. New York suffered most heavily with a loss of \$164,000,000; Pennsylvania came second with \$97,000,000; Illinois third with \$88,000,000. Following New Jersey with \$70,000,000; Ohio with \$63,000,000; Texas, \$59,000,000; Massachusetts, \$55,000,000 and California, \$54,000,000.

JUST BEGINNING TO SOLVE PROBLEM

CHICAGO.—(By the A. P.)—Establishment of numerous co-operative marketing organizations in Illinois does not mean that the farmer has solved his marketing problem but that he is just beginning to solve it, according to D. O. Thompson, secretary of the Illinois Agricultural Association. Mr. Thompson referred particularly to organizations whose association has helped to advance.

"We have set up these co-operative companies—now how are we going to run them for the best interests of the consumer and the producer?" he said. "What will we do about the transportation, finance, taxation and legislative problems, which enter into and are closely bound up with marketing? It was for the efficient answering of these questions that the Illinois Agricultural Association was organized and is now attempting to function."

"The solutions will not be worked out in a year or in several years. Nor will the working out of them necessarily shower sudden prosperity upon the farmer. But it will mean that the American farmer has become a business man in every sense of the word."

STATE BANKS NUMBER 1402

SPRINGFIELD, Ill.—Reopening of the State Bank of Annawan which was temporarily closed for several weeks following difficulties and establishing of three new banking institutions have brought the number of state banks in Illinois to 1402, according to State Auditor Andrew Russell's monthly report.

Two new banks were organized in Chicago—The West Central State Bank and the Banker's State Bank—and one in Jackson county—the First State Bank of Campbell Hill.

FAILURE OF PUPILS LAID TO PARENTS.

AURORA, Ill.—Failure of "too large a number" of pupils of the Ottawa Township High school has been laid to the negligence of parents in not compelling home study, and requiring proper hours, in an "open letter" to parents just issued by the township board of education. "Dancing, auto rides, and parties," are decreed by the board as the chief immediate cause of the failures. "Many of our young people are noted for their absence except at meal times and at late sleeping hours," it adds. "are due for a rude awakening."

OPERATORS WILLING TO MEET MINERS

(Continued from Page One.)
rescue from the army post and the navy base beyond.

Just as the Roma neared the electric wires two men were seen to leap from high up in her slanting hull.

As the stricken, flaming monster writhed in her first death agony, ten more dropped from doors or ports or thru holes they tore in the fabric sides that enclosed them. Some leaped from the platform where the engines stood far out from the hull. So swift was the flare of the gas flame that rescuers were driven back before its terrific heat. They watched helplessly as the great eighty-foot bag shriveled in the fierce blaze of the liberated gas. The Roma was a wall of flame a city block long and until the thousands of gallons of chemicals and water had checked the holocaust, it was impossible to reach the comrades mangled and dead in the fiery furnace.

The ship left no passenger list behind her when she set out. She is known to have carried many officers and men as passengers, however, besides her operating crew. As she rose from the field her commander leaped out to signal that he had forty-four persons aboard. It is believed that she actually carried forty-five.

Officers who knew personally many of the officers and enlisted men were unable to identify a single one of the victims so badly charred was each.

Only those in the forward part of the operating compartment of the ship had a chance for their lives. Several were injured severely by jumping, but three came out practically unhurt.

Lieutenant Burt who with Captain Reed was the principal pilot of the Roma was one of these. He jumped when the ship was only a few yards from the ground. A civilian, Roy Hurley also escaped unhurt as did Master Sergeant Peck. Of the forty-five who left the Langley Field air station this afternoon only eleven are known to have survived the accident.

Some of these more dead than alive. All who could talk were suffering from shock.

One of the mechanics in the crew of the Roma who was rescued shortly after the big ship hit said "our radiator broke and the planes did not work. So far as I could see there was no fire until we hit the ground."

Col. P. M. Gueney in command of the army base who witnessed the fall of the Roma, bore out this statement.

Threw Off Ballast.

As the Roma neared the scene of the disaster it was apparent that she was in trouble, other officers at the base said. The big rudders seemed to be working badly and the crew was desperately throwing off ballast. There efforts to put the big airship on an even keel however, succeeded for only a minute or two as the ship again tilted and began plunging toward the earth.

Sergeant Peck, an engineer aboard the Roma said that he was sending his motor in the port rear engine boat.

"The Liberty was running fine," he declared, "when we suddenly veered up and nosed down. I was too insane to think much of anything."

Joseph N. Biedenbeck, engineer was burned about the face and hands. He said:

"I didn't see any fire. The ship tilted up and started to nose down. We hit right after that. We were too low for anybody to make a safe jump."

Both Biedenbeck and Major Reardon spoke of the gallant way the officers remained at their posts. Until the instant of the crash the officers stuck at the controls.

One of the survivors said that the Roma often sailed with a little tilt and that he paid little attention to her initial lift of the tail of the ship until he heard a man yell that the craft refused to respond to the helm.

HARMONY WITH BIG H PREVAILS IN THE CHICAGO CONFERENCE

Will Last Probably Until They Start to Select Candidates

(By The Associated Press)

CHICAGO, Feb. 21.—Harmonious action far beyond the expectation of the most hopeful delegates developed in today's conference of representatives from farmer and labor blocs, railroad and miners' unions Socialists, Farmer-Labor Party leaders and others dissatisfied with American present political leadership, from which came appointment of national committee to meet in New York Dec. 11 to organize what is expected to be a new political party.

Refraining from drafting a national platform, the conference declared for home rule in the organization of state and local committees. These will function in the 1922 elections of representatives.

The conference declared that the present usurpation of power by the invisible government of plutocracy and privilege must be broken and that this can best be accomplished by united political action suited to the peculiar conditions and needs of each section and state.

Well Known Socialist Present.

Nationally known Socialists including Morris Hillquit and William Z. Foster of New York and Victor Berger, of Milwaukee, spoke at the same meeting with Benjamin C. Marsh of the Farmers' National Council; A. C. Townley of Non-Partisan League; John

H. Walker, President of the Illinois Federation of Labor and Dr. Frederick C. Howe, former Commissioner of Immigration at New York. Small differences were merged and an agreement reached by representatives of organizations heretofore thought widely divergent. The plan of action adopted provided for the selection of a committee of fifteen to co-operate with local committees in the coming fall elections. On December 11 it will meet "to consider and act on the proposition of further unifying and mobilizing the forces of the agricultural and industrial workers and other bodies and movements for political action."

The organizations to be invited are progressive organizations of farmers and labor, co-operative societies, the Socialist and Farmer Labor parties, Single Taxers and other liberal political groups.

The expenses of the general committee it was decided would be met by supporting organizations.

Prompt organization of state committees was urged and several groups, drawing membership from all elements attending the conference had already begun preliminary work.

The Styles in Rings

There is a correct style in rings as in everything else, although changes are neither frequent nor radical—rather more along the lines of increasing the beauty of a ring or a refinement of setting to enhance the brilliance of a setting.

For the Ladies

The newer style mountings are the pierced design and the intricate filigree work with settings of Topaz, Aquamarine, Golden White Sapphire, Ruby or Cameo.

For the Men

The newer style mountings are the heavy Gypsy design and also the pierced form, with settings of odd shape stones such as Sardonyx, Topaz, Bloodstone or Ruby.

We are showing a line of these newer rings, very beautiful and pleasing in workmanship and setting. The prices now are quite reasonable, and for gift presentation we could not at this time recommend anything more acceptable.

Portable or Fireplace Welsbach Gas Heater

New styles are now on display

The Ideal Heater where a quick, economical means of auxiliary heating is needed for any room in the house during the chilly portions of the day after fire in the furnace is discontinued—Economical, efficient, attractive

The Welsbach Gas Heater is the perfect fire with which to replace the troublesome open fire, or unsatisfactory heater which you may have in your fire-place. It is beautiful in design and in firelight effect. It makes no work, nor dirt, nor odor. It is just pure radiant gas heat, clean and instantaneous.

The 8-Glower "Welsbach" on account of its larger size and greater gas consumption, is best used in a fire-place, permanently connected to the gas supply with iron or lead pipe.

The 5-Glower and 6-Glower sizes, being smaller, may be used either in fire-places, or as portables, with detachable hose. The ideal connection for a portable gas heater is an independent gas cock, which provides a permanent gas supply for the heater, and leaves the bracket free for a gas light.

LIVE STOCK BREEDERS HELD ANNUAL BANQUET

Met at Pacific Hotel Tuesday Night—Discuss Question of Building for Stock Sale and Farm Bureau Offices.

The Morgan County Livestock Breeders' Association held its annual banquet and business meeting at the Pacific Hotel last evening.

The meeting was in connection with the executive board of the Farm Bureau.

The Breeders' Association has membership of over 90 persons who are engaged in or interested in improvement of live stock. At last night's banquet there were less than one-third the members present.

Absence of members did not keep the ardor of those in attendance from warming up to the interest in the association and the objects to be obtained by it, nor the possibilities that may be reached.

Chairman Howard Stevenson in calling the assembly to order, stated that about one year ago the association met at a similar gathering and at that time the subject of organizing a county fair was discussed and the movement started.

ed to formulate plans for such an organization. As Mr. Stevenson put it, "The rest is history."

Mr. Stevenson then introduced Mr. Jesse L. Henry as toastmaster and leader of the evening's discussions.

Mr. Henry's remarks were encouraging and optimistic and at the close of his remarks the subject of what disposition should be made with the real estate, members of the Breeders' Association and Farm Bureau owned was launched.

A number of members present were called upon to express their views.

Dr. Koperel, L. O. Berryman, W. H. Crum, J. W. Arnold, L. A. Reed, D. T. Heimlich and others made talks as did also County Advisor Kendall. No definite point was reached as to what disposition would be made of the East Morgan street lot purchased by the association, but it was the consensus of the opinion of all, who expressed themselves, that the Breeders' Association and Farm Bureau would jointly devise some plan whereby a suitable building would be erected to accommodate both the breeders and the farm bureau, and also a marketing forum for farm produce. The latter is to be further discussed at the meeting to be held at the Farm Bureau next Saturday when the ladies of the various farm clubs of the county are to meet to discuss the advisability of organizing a county bureau for marketing of the farm products.

FATHERS AND SONS MET AT DURBIN CHURCH

Banquet Tuesday Night a Very Successful Event—Hugh P. Green Made Address—Fine Program of Toasts.

One of the most successful Father and Son banquets held in the county this year was the one at Durbin church Tuesday night. Dr. F. M. Rule is the pastor of the church this year and co-operating with the committee in arranging for this event.

At 7:30 an audience assembled in the church auditorium for a brief program, and then the dinner was served in the basement rooms. Dr. Rule presided at the general session and S. G. Darley was the toastmaster as the banquet.

In the auditorium Dr. Rule introduced Hugh P. Green for an address on Washington. Mr. Green gave an interesting review of the early history of the colonies as they made the background for the later life of Washington. Then he considered the Father of his Country as a statesman, as a citizen and then as an ideal of Christian character. It was a very forceful and interesting address. J. W. Walton was given the theme, "The Relation of the Father and his Son."

Durbin church which was rebuilt in 1919 is in every way a modern edifice and those who planned it kept in mind that it should be fitted as a community center. As a result, the arrangements are unsurpassed for the handling of such an event as this banquet. The tables where the fathers and sons were seated were decorated in patriotic colors. The menu was in every way excellent and the men and boys were enthusiastic in their praise of the women of the church, who made this part of the event such a success.

S. G. Darley was the toastmaster and altho he said he appeared for the first time in such a capacity, he made it quite clear that he understood the functions of a toastmaster. The addresses all gave evidence of the interest of the speakers in the occasion and their appreciation of the underlying thought in this present day movement, which seeks to bring fathers and sons into closer relationships.

The topics assigned were: "Our Boys"—B. F. Rawlings. "Our Fathers"—Lawrence Oxley.

"Our Neighbors"—E. D. Scott. "The Future"—Dawson Darley.

"The Past"—Dr. F. M. Rule. "Our Church"—William Davies.

"Our Mothers"—H. P. Green. At the conclusion the men and boys joined in three cheers for the women of the church, who had worked so well and earnestly in providing the dinner.

Among the men and boys who assembled at the tables were: S. G. Darley, Carl Darley, E. D. Scott, Burton Scott, Richard Oxley, Edward McNelly, Charles Lashmet, Lawrence Cox, William Davies, Gus Seymour, Thomas Oxley, Howard Seymour, Edgar Oxley, Russell Rawlings, Wyman Oxley, John Oxley, John Scott, Howard Scott, Fred Travers, John Rawlings, Otto Spires, Russell Cox, Leslie Cox, Wendell Cox, Ross Seymour, George Ebrey, William Scott, John Ebrey, Allen Ebrey, Guy Seymour, Kenneth Rawlings, Dan Scott, Gilbert McQueen, Truman Oxley, Herbert Barker, Leslie Dodsforth, Dawson Darley, Lawrence Oxley, Bert Rawlings and Donald Rawlings.

The program committee included, Lawrence Oxley, Dawson Darley and E. D. Scott. The banquet was served by the Ladies Aid of the church, of which Mr. Richard Oxley is the president. A number of the girls of the church also assisted, and in truth it was a church affair in which all were interested.

Among those who prepared and served the banquet were: Mrs. Richard Oxley, Mrs. Edward Scott, Mrs. Samuel Darley, Mrs. William Davies, Mrs. Thomas Oxley, Mrs. Edgar Oxley, Mrs. John Oxley, Mrs. Lawrence Oxley, Mrs. Cecil Oxley, Mrs. Dawson Darley, Mrs. C. L. BIG TEN STANDING

CHICAGO, Feb. 21.—The standing of the Big Ten Conference Basketball race following the games last night follows:

	W.	L.	Pct.
Purdue	6	1	.857
Illinois	6	2	.750
Wisconsin	4	3	.571
Minnesota	5	4	.556
Michigan	4	4	.500
Chicago	3	4	.429
Iowa	3	4	.429
Indiana	3	5	.375
Ohio State	2	5	.286
Northwestern	2	6	.250

Northwestern University won its second conference game of the season by defeating the University of Minnesota 21 to 9. The Gophers were outplayed in every department of the game. Illinois overcame Ohio State and won a not altogether unexpected victory. Michigan evened up the score with Indiana by trimming the Hoosiers 24 to 16 in a ragged game.

Indiana had beaten Michigan decisively earlier in the season.

WESTERN LEAGUE MANAGERS PLAYERS

Will Lead Teams in Playing Position the Coming Season—Nearly all of Them are Old Timers.

CHICAGO, Feb. 21.—With the signing of the veteran Gus Fisher as pilot of the Oklahoma City club, all of the managers for Western league clubs have been selected for the 1922 season, according to reports to President A. R. Tearney recently. During the winter season, there was a general shake-up of managers and six clubs will take the field under the direction of new leaders. Four of them will make their debut in the western league. The new pilots are Joe Dunn, former manager of the Bloomington club; Walter Smith, formerly of the Minneapolis club, who will be in charge at St. Joseph; "Chink" Mattick, the new half owner of the Sioux City club, and Gus Fisher, at Oklahoma City, who was obtained from the Portland club of the Pacific Coast League. Mattick, formerly played with the Chicago Americans, and later owned and managed the Dallas club of the Texas League.

Jack Lelivelt, who managed the Omaha club at the start of the 1921 race, will direct the play of the Tulsa club this season, while Dick Breen moves from Oklahoma City to the leadership of the Des Moines club. Joe Berger will remain in charge of the pennant winning Wichita club, while Fagen Burch will continue at the helm at Omaha. Burch succeeded Lelivelt when the latter resigned last season.

Lelivelt, a former major league star, distinguished himself last season by establishing the highest batting record of any player in organized baseball. His average was .416. He hit at a tremendous clip all season.

Direct Play From Field. All of the managers will direct the play from the field instead of the bench. Three of them are catchers and two hold down first base. Breen, Fisher and Dunn are the backstops. Smith and Lelivelt are first basemen. Berger plays shortstop, Mattick the outfield, and Burch is a pitcher.

Fisher's entrance into the league is heralded with satisfaction. He was one of the most popular players on the Portland club, and probably could have remained there until the end of his playing career if he desired, his friends say. He was with the Portland club for eleven years and his batting eye is said to be almost as sharp today as it was when he joined the team.

Fisher, for the last five years has been regarded as the mainstay of the Portland outfit and has developed some promising material for the major leagues, including such players as Harry Hellman, Ivan Olson and several others. He possesses the ability to pick young steady players and has been particularly successful in developing pitchers.

The club owners of the western league will set their house in order for the coming season at a meeting to be held in St. Joseph, Mo., Feb. 20. The schedule will be adopted at that time. The

FRANKLIN FANS ARE PEEVED AT MITCHELL

Sore Because he Took Second Team to Play Thursday Night—Mitchell Says it Was Understood When a Return Game Was Asked That it Would Be Second Team.

Franklin basketball fans were greatly peeved Thursday evening when they gathered in Marquette hall to witness the game between Jacksonville High School's second team and Franklin.

One of the largest crowds of the season was present to see the game. When it was found that it was Jacksonville's second team the Franklin management offered to refund the money to anyone not satisfied. However, most of the spectators remained and saw Franklin win the game by a score of 33 to 11.

Over the telephone last night the man who gave the report of the game to the Journal said that the understanding was that the first team would come and that they were not at all pleased with the action of the Jacksonville school.

On the other hand Coach Mitchell who came to this office on his return from Franklin said that he told the Franklin people when the Franklin team played here and asked for a return game that he would send his second team. So there you have both sides of it and the two factions can fight it out so far as the Journal is concerned as we know nothing about the merits of the controversy.

Our Franklin informant said that when Franklin found out that Jacksonville had sent the second team that Franklin had used her second team. However, it will be noted that in the lineup were Seymour, Baker, Henderson, and Bland, all of whom played in the game here. With Seymour out the game would have been a close one as he made a total of 25 points.

Franklin clearly outclassed the Jacksonville seconds, holding them to four field goals. The score:

Social Events

Trinity Guild Met.
An unusually large number of ladies were present yesterday at the all day meeting of Trinity Guild, held in the parish house. An attractive luncheon was served at noon by a number of the ladies and the hours of the afternoon were spent in sewing on articles for the spring sale.

Entertain at Bridge.
Mr. and Mrs. Earl Wiswell entertained the members of the Tuesday evening bridge club last evening at their home on West State street. The regular three tables of cards were made up and the hours delightfully spent in playing. An attractive little supper was served at the close of the evening.

Sew for Hospital.
The Congregational Aid Society met yesterday in the room at the Pilgrim Memorial building and the members sewed for Passavant hospital. It was an all day meeting and at noon a nectcellent picnic luncheon was served.

Queen Esther to Hold Supper.
The Queen Esther girls of Centenary church are planning a dinner to be given this evening at the church for a sort of get-together and good fellowship affair. The girls under the direction of Mrs. Claud Vall are preparing the supper and will manage the serving of it also. After the dinner hour a program of toasts will be given and the work of the organization will be discussed by the various members. Miss Gerneda Phelps, the president, will act as toastmistress. Those who are on the committee with Mrs. Vall are Catherine Wetzel, Clara Smith, Florence Bentley, Helen Bergstrom, Helen Phelps and Irene Mills have charge of the sale of tickets for the supper. Only the members of the Queen Esther circle will attend the affair.

Route Dance Students Give Dance.
The Freshmen and Sophomore classes of Route High entertained the upper classes last evening at a delightful dance and program given at the school. The hall was lavishly decorated for the occasion in flags and decorations in keeping with Washington's birthday. The Darby-Brown Serenaders furnished an excellent program of dance music and aside from the hours spent in dancing a short informal program was given including speeches by members of the faculty and student body. An attractive supper was served at a late hour and all the guests agreed in proclaiming the affair a great success. A number of the faculty members were special guests of the evening. Miss Agnes Kennedy, president of the Sophomore class and Richard Kennedy, president of the Freshmen class were at the head of the committee on arrangements.

Strawn Crossing Club Held Meeting Tuesday.
The Strawn Crossing Club met at the home of Mrs. William Murray on South Diamond street on Tuesday afternoon. This was the regular meeting of the club but was in the nature of a Washington Birthday party. There were two excellent papers on the life of George Washington by Miss Ann McDonald and another on the life of Mrs. George Washington by Mrs. Henry Strawn. The roll call was answered by naming a General of the Revolutionary War. Refreshments were served and a social time enjoyed. There were quite a number of members and a few guests present. The next meeting will be held at the home of Mrs. Green Strawn at Strawn's Crossing on March 7th.

Washington Party Given by Loyal Women's Class.
The members of the Loyal Women's class of Central Christian church held a Washington Birthday party at the church Tuesday evening. TWO WILLS ARE MADE
MATTER OF RECORD

Thomas Worthington Bequeathed All Property to His Wife—Morrison Worthington is Executor—John Whitlock Divided Holdings Among Brothers and Sisters.

The will of the late Thomas Worthington was filed for probate Tuesday in the office of County Clerk Riggs. Mr. Worthington made his will January 24 last, and his signature was witnessed by Mr. and Mrs. G. H. Scott and Mrs. Linda Myers.

By the terms of the will, all of Mr. Worthington's property is bequeathed to Mrs. Worthington. Their son, Morrison Worthington, is named executor of the will, to serve without bond, and it is specified that no inventory of personal property shall be required.

The executor under the will has full authority to sell property or to take other action which may be accounted for the good of the estate.

Bequests of personal belongings are made to Dr. Worthington and Mrs. Helen Gauss, brother and sister of the testator, and to other relatives: Mrs. Minna Adams, Mrs. Helen Gauss, Jr., Harriet E. Worthington, Arthur and Jesse Worthington, Grace and Harriet Worthington.

Mr. Whitlock's will. Another will was also placed on record Tuesday, that of John Whitlock, formerly of Franklin. Mr. Whitlock was a soldier of the civil war and made provision for an inscription on his monument setting forth that he was a member of Co. C of the 13th regiment of Illinois cavalry. A personal bequest was made to Mrs. Mabel Gottschall Hart and the executor was directed to sell the property at the deceased owned in Wyand, in addition to Franklin, and to divide the receipts among the brothers and sisters of the deceased. They are Alex Whitlock of Franklin; George Whitlock, of Downing, Mo.; Mrs. Minerva Bonds and Mrs. Evelyn Gottschall of Franklin.

M. B. Keplinger is named executor of the will, the testator's signature being witnessed by F. T. Miller and Lou Duncan.

**OLD JACKSONVILLE
CHANGES IN STORE OCCUPANTS**

(BY ENSLEY MOORE)
Member Illinois State Historical Society

It may interest some readers of the Journal to know of former occupants of some of our stores, or those on the same sites.

J. P. Wilkinson built the first brick store here still standing at the south east corner of East State street and the square.

Later on, it was occupied as a "grocery" as then termed, now called saloon. In those days hard money was in use. Jerry Sweeney is authority for the statement that afterwards, a new floor was put in the store, and when the old one was taken up quite a lot of "pieces" of money was found in the cracks between the boards. They were supposed to have been dropped by the bibulous after they had got to the stage of carelessness as to their change. The Journal was burned out in that building in 1859. W. Tandy had a photograph gallery up stairs. Fleming and Benjamin P. Stevenson occupied the place as a dry goods establishment "in the fifties." B. F. had it in 1856 and till after the Civil War. Mr. A. C. Woods was a partner of Mr. Stevenson's at the end of Stevenson's occupancy.

The Congregational Church

was on the lots where "Trade Palace" and Johnson, Hackett and Guthrie are now center of the block south of the Stevenson store—from 1835, first in Illinois, until 1857, when John Hocken-hull, brother of Robert Hocken-hull, the banker, bought the ground. He erected three or four two story bricks in the north, one of which Charles H. Dun-brack had a seed and agricultural store. Mr. O. A. Brooks also kept that establishment during the War. Scott's Movie Theatre was the site of a two story brick building owned and used by William Branson as a furniture and undertaking establishment—up stairs and down. At the beginning of the War Mr. J. W. Lathrop occupied the lower floor, and he was succeeded (perhaps) by Rutledge and Mathers, "George and Tab" grocers. C. F. Brown succeeded them for some time, also with a grocery store.

General Beck.

In fall of 1860, Mr. Lathrop got a clerk named William H. Beck, from Philadelphia. When the War came on Beck at once enlisted in the "Hardin Light Guards," and went for a soldier instead of a "counter-hopper." He stayed in the army till a few years ago, when he was retired as a "Gardner General" after much hard and dangerous service. He married a sister of the Hon. William H. Hinrichsen.

The Y. L. Athenaeum.

The corner between Sandy and Morgan streets was occupied by the Elihu Wolcott place, afterwards used by the Young Ladies Athenaeum, from 1867 to 1884. The immediate corner being a large grassy yard, north of the residence. The latter was moved, and now stands at the northwest corner of College and West streets.

WIDOW OF COMEDIAN

IS VISITOR IN CITY

Mrs. George Primrose, whose deceased husband won wide minstrel fame, is a guest at the home of her uncle, C. C. Carter, on South Main street, and will appear in a special act at the Grand theatre Thursday evening.

Mrs. Primrose has kept the Primrose and Dockstader minstrel show together since the death of her husband in 1919, serving as interlocutor. She is now playing a vaudeville act with E. Booth Platt of the Bostonian Opera Co.

Mrs. Primrose yesterday exhibited an old record book of the Barlowe, Wilson, Primrose & West show, in which was recorded an engagement of the company at Strawn's hall here in 1881. The The Primrose & Dockstader Co., played here in 1914. Mr. Prim-

rose danced for fifty-four years and his show was known as one of the most successful minstrel companies of the day.

RETURNS FROM SOUTH

George T. Lukeman of the Lukeman Motor Co., has returned to the city after a stay of six weeks at Daytona Beach, Fla.

Mrs. Lukeman has been in the south for the greater part of the winter and will remain for some time yet.

George E. Mathews has returned from St. Louis where he went to accompany Mrs. Mathews on her way to Palm Beach, where she will spend several weeks at the home of her brother.

Louis Perbix was a Markham visitor to the city yesterday.

"Nearly as Good"

Do not be deceived during these times of falling prices by "nearly as good."

We are slowly but surely getting quality merchandise at lower prices.

There are times, though, when the cheap imitation tempts on its first cost.

Gargoyle, Mobile, White Rock, Straight-Run Gas, Goodrich and Ajax Tires stand for quality at a fair price.

Cylinder grinding and thorough casting repairs stand for quality in our shop.

A service car, excelled by none in central Illinois, stands for quality road service.

Temme springs, the guaranteed car spring, with no string on the guarantee, stand for quality spring service.

First, last and all the time, we are striving to maintain the best there is in Service, Labor and Merchandise.

CALUMET BAKING POWDER SAVES THREE WAYS

—A moderate priced Baking Powder of greatest merit. Honestly made. Honestly sold. Economical in every way. Every particle is full of actual leavening value. A full money's worth.

—You save time when you use it. Calumet is all baking powder. It begins to raise bakings the instant they are put into the oven. You don't have to keep "peeping" to see if bakings are all right. You know they are. Calumet is *sure*—never fails. That's economy. And true economy—in cost—in use—in time.

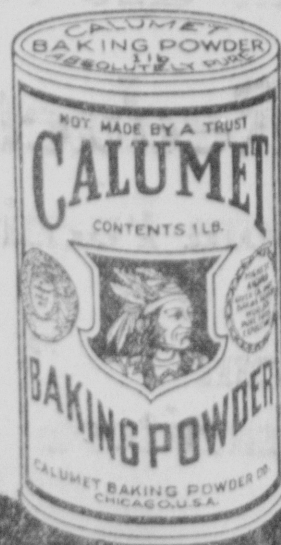

One trial will prove it and show you in results why millions of shrewd, thrifty housewives prefer Calumet to all other brands.

—The unflinching strength of Calumet guarantees perfect results. Not only saves flour—sugar—eggs, etc.—but saves Baking Powder. You use only a teaspoonful—you use two teaspoonfuls or more of many other brands.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

Highest Quality

Highest Awards

HAVE YOU NOTICED THIS?

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

CHAPIN S. S. CLASS FAVE FAREWELL PARTY

Gleaners of Christian Church Entertain in Honor of Mrs. C. F. Danforth Who is Soon to Remove—Other Chapin News.

Chapin, Feb. 21.—"The Gleaners," a Sunday school class of the Christian church, gave a delightful party Monday afternoon, honoring Mrs. C. F. Danforth, one of their members, who is soon to leave for her new home. Mrs. J. F. Burnham gave her home for this pleasant event and guests to the number of twenty-five were present. A number of contests were enjoyed in which Mrs. Fred. Eilers, Mrs. L. C. Hess and Mrs. Robert Clark were winners. The Gleaners presented Mrs. Danforth with a beautiful silver jelly server as a token of their esteem for her. Dainty refreshments of ice cream, angel food cake, salted nuts and coffee were served.

Mrs. Elsie Fountain of Galesburg, arrived Monday to spend a week with her parents, Mr. and Mrs. Henry Brownlow.

L. Newton Kennedy, of Forrest City, was a week-end guest of his cousin, Mrs. J. F. Burnham.

Mrs. Charles Leitzle is a guest of Mrs. J. F. Burnham and other friends, having come over from Manchester Monday to be present at the Gleaners' party and other social affairs.

Mr. and Mrs. J. F. Burnham entertained a party of friends at supper Monday evening, honoring Mr. and Mrs. C. F. Danforth, who are leaving soon for their new home in Roseville, Miss. Games and conversation made a pleasant evening all too short. The guests were: Mr. and Mrs. C. F. Danforth, Mr. and Mrs. W. N. Boffit, Mr. and Mrs. Monte Funk, Mrs. Chas. Leitzle, Miss Mary Black and John Taylor.

The many friends of Oliver Anderson will be glad to know that he is so much improved since a recent operation, as to be removed to his home. Mr. Anderson has been a patient in a Quincy hospital.

Mrs. R. W. O'Bannon of Decatur, and Mrs. Wm. Dugdale of Savannah, Tenn., sisters of Mrs. Tucker, where they have been guests since Sunday, left for Decatur Tuesday morning.

Mrs. Elizabeth Bridgman visited friends in Jacksonville Tuesday.

Mr. and Mrs. Peter H. Ham delightedly entertained a party of friends at their home Tuesday night. There were about twenty-five guests present and a most enjoyable evening was passed. Delicious refreshments of ice cream, cake and coffee were served.

WHOM WILL YOU BLAME?

Whenever a man dies in this community and leaves his family without an adequate income to live on it is a direct reproach upon the life insurance men in this community. Ours is an unending task. Add to this prejudice and ignorance and you get an idea of our job.

When people understand that life insurance helps them to do in an easier way what they are trying so hard to do, they usually take advantage of life insurance.

There are THOUSANDS of ways to MAKE money but only ONE way for your family to collect the money you failed to make because of premature death, and that is through a life insurance policy.

Deaths occur as regular as clock work in this community. You know whether your estate will support your family or not without an insurance agent telling you. BUY your insurance; don't just have it sold to you.

Our experience as life insurance men is at your disposal without obligating you in any way.

Better Clothes at Less Cost

Many men once thought that the best custom made clothes were the best clothes to buy.

Lately these very same men found that certain clothes fit as well, are styled better, are made of the same fine fabrics and are hand tailored—but cost about half, because they are made ready-to-put-on—

They are **L System** Clothes

We guarantee the new Spring super-models here now on display to give super-satisfaction in every way. And all without the time and trouble of try-ons. New Sport models—in new Scotch tweeds.

Accustom yourself to L System Clothes—high as the better custom-mades in quality but not in price.

Good clothes are a good investment.

We Announce a New Department

Wherein Your

Old Furniture Will Be Made Like New

Look over your possessions in the way of Chairs, Tables, Davenport, Chiffoniers, Dressers, &c, and see if you won't think it worth while to have us take the scarred worn or damaged pieces and repair and refinish them for you. Our charge will be moderate and we believe it will pay you.

We have on hand quite a lot of used furniture all "made over," going at bargain prices, that it will pay you to examine.

LITERBERRY

Chester Brainer of Grace Chapel was in Literberry Saturday afternoon and gave a very good report of the revival meeting at that place, just recently held. About 15 persons were converted and others reclaimed. Rev. J. L. Wallace and his helpers preached some fine sermons, and the young people helped with the singing, everybody was glad.

The Baptist people will hold a social gathering at their church Saturday evening the 25th. Come out and get acquainted.

Our town being very quiet at the present time, the monotony began working on the minds of two of our four year old men. They decided to say good bye to Literberry for the time being and seek brighter climes where real things are happening; also a strong case of wanderlust set in at this particular time, which decided the boys to start for California without any preparation.

Their idea was to kill a few bears and have a scrap with Indians before entering the land of flowers and fruit. So on Friday afternoon about 2 o'clock these four year old men started, Jeorad Deane Underbrink and Paul Garrett Ogle, with high ideas and a determined ambition to do and dare.

But like many big schemes other people put in and spoiled the affair.

They had not been long on their journey before telephones began ringing and people were hunting their trail. The crew of the 3:30 train were notified to look out for the travelers. A man took the trail running north from town and came upon the lads about one and a half miles from town. They had left the railroad tracks to explore a piece of timber where they expected to bag their first bear.

Of course the boys were disappointed in not reaching the sunny land to which they had started, but their experience will not be lost either on themselves or on their parents.

NOTICE TO TAX PAYERS

The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.

Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such persons." Parties paying on real estates should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

HIGH SCHOOL NOTES

Principal B. F. Schafer of the high school announced yesterday that two officials for the district basketball tournament have been named. G. R. Green, physical director of the Y. M. C. A. at Alton, has been appointed as one of the referees and J. C. Brockman of Jerseyville, will act as the other official. Brockman officiated here last year and gave satisfaction sufficient to warrant his acting again. Although Green has never appeared as an official on the local floor he has had a large experience in this work and is well qualified to fill the position. The other officials as timekeepers, scorekeepers, etc., will be chosen from college athletes in all probability.

"The Fairy and the Waif," was the picture shown at the high school last evening before a good sized audience. A series of eight more pictures will be shown and it is hoped that when the last picture has been given there will be enough money in the moving picture fund to purchase the movie machine for the school. The class of pictures being shown is of the best and last night's film was especially attractive being a juvenile story featuring the always popular and adorable Mary Miles Minter.

David Prince Notes.

Rev. A. P. Howells of the First Baptist church, will address the students of the junior high school this morning on the life and times of George Washington. The speaker will take the subject from the standpoint of the work that the students have done concerning the history of the revolutionary period.

Miss Maude Ryman, the public school nurse, gave a talk in the assembly Tuesday morning on the care of the teeth, giving some practical and healthful hints as regards this vital subject.

In connection with public health work the school officials have been weighing the pupils regularly in order to see which ones are gaining in weight and which ones are not. The school nurse is now prepared to investigate into the cases where the students are not gaining and see what remedy can be found for the matter.

WHITE HALL S. S. ATTENDANCE IS LARGE

White Hall, Feb. 20.—The attendance at the five Sunday schools Sunday totaled 557. No division is made as to the relative strength or enrollment of the various Sunday schools, and the total is used as a basis to indicate that there is a large interest without any special drive at this time, when there is considerable amount of sickness that reduces the attendance. The total attendance of 557 looks very well in comparison with our population figure of 3,000 and the total enrollment of the public schools of 700. Less than half the Sunday school enrollment represents pupils of the public schools, and it is one of the aims of the principal of the junior high school, Miss Ruth Evans, to encourage a large percentage of attendance at Sunday school upon the part of school pupils. It is believed that a very substantial growth will henceforth characterize the attendance and interest at church and Sunday school services because of healthy rivalries that are being engendered that is already indicative of growing into a well organized combined effort on behalf of the go-to-church movement.

It Can't Be Done Unless You Save

No man ever succeeded who did not spend LESS than his income. You can't fill a barrel if the water leaks out faster than it is poured in.

Neither can you accumulate a sum of money if your plan of living calls for an "outgo" greater than your "income."

Some day you MUST save. The sooner you begin, the better it will be for YOU. The best time to make your start is right now—TODAY!
